Welcome to Blessing in Disguise's February's issue

A BIG THANK YOU TO ALL OF OUR SUPPORTERS...

Thanks to your kind donations, we have been able to offer our support and provide much needed equipment to help a 6 year old autistic boy to have a better quality of life. He is currently living with his two younger siblings and grandma under special guardianship. Sadly two days before Christmas 2013, the young children's mother was involved in a fatal car accident. A hearty thank you from all at Blessing in Disguise

'Blessing in Disguise' was established in 2013 to raise funds for children and young adults with life limiting illnesses, disabilities or who are at a disadvantage because of their situation anywhere throughout the whole of the UK.

Blessing in Disguise is a not-for-profit organisation operating from a small donated office with very minimal overheads. It's emphasis on creating a positive focus, enabling freedom to enjoy treasured memories to share with family and loved ones, providing a wide range of life enhancing experiences making a significant impact in improving the quality of life for the families and carers of disabled, disadvantaged and terminally ill children and young people between the age of 0-19 years.

A socially responsible organisation, helping and supporting via a free service providing themed breaks, planned activities and promoting social and recreational opportunities for the whole family. Through personal experience, we know that it can often be difficult on other family members, who perhaps unfortunately miss out due to concentration on the disabled child or young person with a life-limiting illness and we will endeavour to encourage them to reach their potential.

A child is like a butterfly in the wind
Some can fly higher than others
But each one flies the best it can
Why compare one against the other?
Each one is different!
Each one is special!
Each one is beautiful!

Each one is a Blessing in Disguise
